Trip to Shildon Railway Museum

When I went to Shildon Railway Museum I was verry excited. The people who worked there told us their names and we got into groups. We did a treasure hunt and had to search for trains and stuff on them. We had a map and we found a poppy printed onto the train.

After the treasure hunt we had our lunch and we watched some trains go by. and we saw the Queens train.

Then it was time to go hed back to school and we had so much fun and got a little book.
