

What if there was no light?

Discuss...

We are going to be learning about light.

What do we use to see light?

What other senses
do we use every
day?

What body parts
do we use to
sense?

We are going to use our senses today to
OBSERVE.

Lesson 1 - observe candles.notebook

Observe the candle carefully and draw what you can see.

Before	During	After

What can you smell or hear?

What changes did you notice?
